

## Goal: To Ensure Fiscal Transparency and Stability, and Public Accountability

- Communicate and monitor legislative changes that impact financial and operational resources.
- Engage all stakeholders in two way communication to determine the level of commitment to the District operations (instructional programming, co-curricular offerings, fine art offerings, athletic offerings, facility and operational needs).
- Monitor student enrollment and staffing levels to maximize the balance between student achievement and cost effectiveness.
- Develop a project plan and timeline to inform the community and district personnel of future levies, bond issues and financial needs of the district.
